PROJECTS

Library Management System (BookHub)

📅 11/2024

- React Js, Django REST API,XAMP,Html,CSS,Js,Bootstrap
- A full-stack web application designed for library administration, featuring React as the frontend and Django as the backend API.
- This library management system enables administrators to efficiently register or remove members, as well as add, update, or delete books from the catalog. The platform includes secure admin login and registration features, ensuring authorized access and seamless management through a React frontend and Django API backend.

ExploreHub - A web application built with Django REST Framework

📅 11/2024

- A web application built with Django REST Framework to manage tourist destinations, allowing users to perform CRUD operations on destination data, including details like place name,weather,locations,google map links and as well can add and retrieve images.

Bachelor in Computer Applications

Amrita Vishwa Vidyapeetham

📅 08/2020 - 06/2024   📍 Amritapuri

CERTIFICATION

Python Full Stack Internship

Completed an **Python Full Stack Internship** from **INMAKES Learning Hub.** Worked on full stack development using Python, Django, and React

Ethical Hacking Course

Completed an **Ethical Hacking course** from **MyCaptain** in **July 2021**.

Python Basics

python basics authorized by **University of Michigan**

LANGUAGES

English
Proficient

Hindi
Proficient

Malayalam
Native

SKILLS

Web Development

Django   JQuery   Bootstrap

HTML   CSS   Javascript

MERN Stack   Node.js   Express.js

Frontend Frameworks

React JS

API Development & Testing

RESTful API   POSTMAN

API Testing   Django REST Framework

Programming Languages

Python   C#   C++   PHP

Javascript   HTML   CSS   SQL

Databases

MongoDB   MySQL   Postgresql

SQL

Additional Skills

Ethical Hacking

70-80 WPM Typing Speed

Communication Skills   Adaptability

Attention to detail   Creativity

Problem Solving

CERTIFICATION

Python for Data Science

Python for Data Science, AI & Development authorized by **IBM**
